Corrigan Electric Receives an IEC National Award of Excellence in Electrical Construction

ALEXANDRIA, Va. - The Independent Electrical Contractors (IEC) is pleased to announce that Corrigan Electric, located in Louisville, Kentucky, received an IEC National Award of Excellence in Electrical Construction in the Residential category during IEC Con 2015 in Tampa, Florida.

Corrigan Electric was recognized for its work on the Hacet Dream Home, a 10,350-square-foot single family home in Prospect, Kentucky. In addition to a home theater, an elevator, and two master suites, this beautiful home features dimmable LED fixtures to conserve energy, a Control 4 automation system, whole house electric surge protection and a backup generator system.

“I would like to congratulate Corrigan Electric for its professional electrical installation,” said Thayer Long, IEC National Executive Vice President/CEO. “They incorporated many processes and technologies to install a safe electric system using the best wiring practices and the most inconspicuous wiring in the home.”

The IEC National Award of Excellence in Electrical Construction is given each year during IEC Con to recognize remarkable electrical projects in the categories of Residential, Commercial, Industrial, Low Voltage/Limited Energy, Efficient Energy/Green Construction, and Service.
